Re: 2016 Special Request

Dear Mr. and Mrs. Last Name:

The House of Onions is a Foundation for Orphaned Children, either infected with or affected by the AIDS Virus, in South India. We began our journey in December 2014 and have progressed slowly but steadily over the past 21 months. Our progress can be viewed on our website, www.houseofonions.org.

While we have provided \$50,000 to our people in India, we are currently about \$90,000 away from completing construction on the hostel. We plan on making this a home for 30 children on an ongoing basis. With over 60 children already looking for our assistance, we make this additional written appeal to put construction on the fast track toward completion.

We make this request only to non-donors in the hope you are in a financial position to make a one time donation of \$500 or more that will enable our team to complete construction by the end of this year. With all the mishandling of donations reported on the past year, it is important for you to know that ALL funds received go to the financing of the home and support of the project. At no time will any Board member receive any compensation or reimbursement of expenses incurred while participating in Foundation business.

As a 501(c)(3) organization, your contribution will be fully tax deductible for 2016. More importantly, completing the home at the earliest time will bring a loving and caring environment to children living in dire need.

Sincerely,

Carl E. Dye
President
